this 24th day of May, 1996

Kathy Bedingfield
Notary Public

Residing at Milford, Utah
My Commission expires:

MILFORD AREA WATER COMMISSIONER POSITION AVAILABLE

The directors of
Milford Area Distribution System
are seeking applicants for
position of Water Commissioner.
The Water Commissioner
appointed by the State Engineer
monitor and report the use
groundwater from the irrigation
wells and commercial wells
Milford Valley.

This year, water use in
Milford will be regulated by
determining and controlling land
being irrigated without a water
right. The Division of Water
Rights will determine which
parcels are being irrigated
illegally. There are a number of
water users whose use will
continue to be monitored by
reading water meters or taking
pitot tube readings.

The commissioner's
duties will include reading
commercial water meters,
measuring water for water users
that have both surface and
underground rights (some of these
may be measured by pitot tube),
taking soil moisture readings on
the parcels that are determined to
be illegal. The commissioner is
responsible to submit a report of
water use to the State Engineer at
the end of the year.

The commissioner should
be a high school graduate. The
work requires the ability to
perform routine mathematical
Division of Water Rights will
provide any specialized training
necessary. The applicant must be
dependable and willing to learn
and master the aspects of the
position.

The position will require
some effort throughout the
irrigation season but the bulk of
the work will be from mid-July
through mid-October. During this
period, the commissioner will
need to work 10 hours or less per
week. The work hours are
flexible to fit the commissioner's
schedule. Compensation for the
